Traffic Management Vehicles Are you getting what you really want?

Martin Williams (Hull) Ltd is one of the UK's leading commercial vehicle body builders. We don't use standard off the shelf Traffic Management Vehicles, instead... we listen to our customers and build a vehicle to their exact requirements.

All our bodies are available on 3.5 tonne, 7.5 tonne and 18 tonne vehicles and can be fitted with:

- Cone Wells
- Sign Racks
- Under Body Storage
- Reverse Alarms
- CCTV
- Work Lights
- Warning Alarms
- High Specification Lighting
- Crash Cushions
- Vertical Lift Light Arrow Board

We can supply the complete vehicle on a sale or rental agreement if required, we can also modify or refurbish your current fleet.

With over 25 years of experience and a 50,000 sqft manufacturing facility our highly skilled workforce is capable of building any body type to suit your requirements, for example curtainsides, box bodies, dropsides, tippers, beavertails and other bespoke body work.

If you would like more information on how our innovate vehicle solutions can help your business, please contact our sales team:
